8-12 October

Hollywood, Florida, USA

# Hyperledger Fabric Marbles lab

<https://github.com/silliman/ZHollywood2018>

1. Click on MarblesLab.rst and follow the instructions.
2. Click on MarblesLabPart2.rst and follow the instructions

To start a PuTTY session:

- 1) Click on the PuTTY icon
- 2) Double-click on the **blockchain** session
- 3) When prompted for a userid, enter **bcuser**

The IP address for your Linux on Z instance is **192.168.22.xx** where xx is unique for each student and will be provided to you by your instructor.

Before the lab ends, you will need more than one PuTTY session, but it may be less confusing to only start the extra sessions when you need them

Commands are on the first line of the shaded areas- lines 2+ if present are output from the command

# Please complete the session survey!
